

Puzzle-Based Learning for Kids

■ **WELCOME, PUZZLE EXPLORER!** ■

Learning is more fun when you can think, play, discover and solve! PuzzleHive gives kids fun challenges that help them practise their thinking skills.

■ Learn • ■ Think • ■ Solve • ■ Have Fun!

This guide is your little PuzzleHive adventure book.

■ What Is Puzzle-Based Learning?

Puzzle-based learning means learning by solving fun challenges. You look for clues, try ideas, find patterns and discover answers.

■ Why do puzzles help?

■ Skill	■ Puzzle practice
Problem-solving	Find a way to solve a challenge.
Logical thinking	Connect clues and ideas.
Memory	Remember pictures, numbers and words.
Creativity	Think of new ideas.
Patience	Keep trying when something is tricky.

■ Pick Your Puzzle!
